

Lirik lagu: I Worship You (Final)

Verse 1:

Lost in sea of doubts  
Seeking my way in the dark  
Your light comes through

Teach me how to tame,  
And be master of my mind  
Your love's so true

Verse 2:

Lifting my head up  
When the world is messing up  
You help me through

Pure and Knower One  
Your word's engraved in my heart  
Your grace's so true

Chorus:

Buddha, Noble One  
The reason for my praise  
I worship You

My heart sings out loud  
In You, I take refuge  
I worship You

Bridge:

Lord, I trust you  
Lord, I trust You  
Lord, I trust You, Buddha...
